Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you **must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2018. Contact your State for more information on eligibility.

Well-Being Incentive Program

The Well-Being Incentive Program offered under the Phillips 66 Medical and Dental Assistance Plan (“Plan”) is a voluntary well-being program available to all employees eligible for the Plan. The program is administered in accordance with federal rules permitting employer-sponsored well-being programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the Well-Being Incentive Program you will be asked to perform various voluntary activities including:

- Completion of Grand Rounds registration online,
- Submission of biometric screening results before November 30, 2019 (which will include a blood test for cholesterol, triglycerides and glucose, although you are not required to participate in the blood test or other medical examinations),
- Obtainment of a BMI of less than 30 or consult with a primary care physician,
- Completion of 2 preventive screenings,
- Completion of 1 company-wide challenge, and
- Completion of 1 Whil digital training program through Virgin Pulse.

Each designated voluntary activity in the Well-Being Incentive Program has an associated one-time payroll credit amount which an employee will receive upon completion of the activity. The employee has an opportunity to receive payroll credits of up to \$650 by completing the designated activities. Note, employees who choose to participate in the biometric screening will receive a one-time \$100 payroll credit regardless of the outcome of the blood test. Although you are not required to participate in the biometric screening, only employees who do so will receive the \$100 payroll credit. An employee may also receive a one-time \$250 payroll credit for attaining a Body Mass Index of less than 30 or consulting with a primary care physician.

The results of your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services such as health coaching through the Well-Being Incentive Program. You are encouraged to share your results or concerns with your own doctor.

Anyone who receives your information for purposes of providing you services as part of the Well-Being Incentive Program will abide by the same confidentiality requirements. The only individuals who will receive your protected health information are a registered nurse, a doctor, or a health coach, in order to provide you with services under the Well-Being Incentive Program, and only if you consent to their receipt of your protected health information.
